

Application:

Foundation of the ASNR Grant Program

Title of Proposal:

- Principal Investigator:
- Academic rank:
- Institution :
- Department:
- Street Address:
- City, State, Zip: Phone: A/C
- E-mail:

Submission Instructions

- **Submission Deadline is 9:00 AM Central Standard Time (CST), January 23, 2023**
- **Applications must be submitted at <https://asnr.smapply.io>**

FORMATTING AND PAGE LIMITATIONS

For all sections:

- Use a minimum font size of 11 in Arial or Times New Roman font.
- Use a minimum margin setting of 0.5 inches.
- All sections should be double spaced, except the Reference and Biographical sketch sections which may be single spaced.
- Limit listed publications to those relevant to the proposed research during the past three years and two representative earlier publications pertinent to this application.
- The total page limit for all materials including all letters of nomination and support is 24 pages. Page limit restrictions on individual sections should be applied as above. No appendix materials are to be submitted.

PLEASE NOTE: APPLICATIONS WHICH DO NOT FOLLOW THE PAGE LIMIT AND FORMATTING REQUIREMENTS ABOVE WILL BE DISQUALIFIED OR TRUNCATED, AT THE DISCRETION OF THE ASNR AND THE FOUNDATION OF THE ASNR.

APPLICATION TABLE OF CONTENTS (PREVIOUSLY 20 PAGE LIMIT TOTAL; See format in current application)

- Cover Page
- Table of Contents
- Biographical Sketch
- Personal Statement
- Research Method Information
- Project Description and Research Plan
- Impact Statement and Proposed Next Steps
- Budget and Budget Justification
- ASNR Senior Mentor Letter of support
- Letter of Nomination (Chairman or Program Director)
- Letters of Support/Collaboration

NIH Biographical Sketch – Principal Investigator (**not to exceed five pages- can be single spaced**)

Personal Statement (1-page maximum)

Please use this section to address:

- Your qualifications for this grant, including why your background and interest are a good fit/ future career goal.
- How the grant would support and advance your career goals.

Research Methods Information

While the research committee seeks to support researchers using a variety of different research methods, projects may or may not be funded in each of the categories below each year.

Please indicate which research method best fits your proposal. If more than one method applies, please rank the importance of the methods in numerical order. Please note that this information is for tracking purposes only and that the submitted grants will no longer be considered under different tracks, but together with the ones proposing the best science from the most promising applicants selected for funding.

- ___ Artificial intelligence
- ___ Clinical data analysis (retrospective or prospective)
- ___ Comparative effectiveness
- ___ Development, refinement, or application of novel imaging methods
- ___ Technical translation/ translational research/ technical development

Project Description and Research Plan: (Total not to exceed 10 pages)

- Specific Aims
- Background and Significance
- Preliminary Studies
- Research Design and Methods (**this section not to exceed five pages**)
- Human Subjects (if applicable)
- Animal Care and Approval (if applicable)
- References (**not included in the page limit**)

Impact Statement: (1-page maximum)

If your project is successful, how will you demonstrate the impact on our ability to “advance clinical practice and improve patient outcomes”

Proposed Next Steps: (1-page maximum)

If your project is successful what next steps (including specifics regarding sources of funding) do you anticipate taking:

By year 1 following grant: _____

By year 5 following grant: _____

Budget and Budget Justification (1-page maximum)

An itemized budget is required as part of the grant proposal submission. List itemized expenses that will be incurred in this project. Group them into main categories of Personnel, Equipment, and Other (including, for example, scanner time costs). Provide justification for all budget expenses. **No indirect costs will be awarded**

ASNR Senior Mentor Letter of support. (1-page maximum)

A letter of support from the mentor detailing the program and a mentorship plan should be submitted with the application.

Letter of Nomination (Chairman or Program Director) (2-page maximum)

Applicants must include a letter of nomination (must be part of the application, not a separate document) from their chairman or Program Director to confirm that the application is the candidate endorsed by the institution for the award chosen.

Collaboration and Letters of Collaboration (1-page maximum)

Multi-disciplinary collaboration, including collaboration with PhD researchers, is important to the success of many projects in neuroradiology and is indispensable for research in technical translation. Please indicate the most important collaborator(s) or other mentors for this project, their role, and whether this is a new or previously established collaboration.
